

Diocese Schools Internet Use Policy

1. The computers and network resources across the Roman Catholic Diocese of Boise are there for the good works of the Diocese and its associated entities. Children's access to the internet and related resources is of special concern. The Diocese of Boise wants to ensure that policies and procedures are in place that governs internet use, applications and tools. We have adapted the following Children's Internet Protection Act (CIPA) requirements as our policy guideline for the Diocese. As a Diocese we will:
 - a. To the maximum extent possible, prevent access by minors to inappropriate matter on the Internet.
 - b. Work to ensure the safety and security of minors when using electronic mail, chat rooms and other forms of direct electronic communications.
 - c. Seek to prevent unauthorized access, including so-called "hacking," and other unlawful activities by minors online.
 - d. Endeavor to prevent unauthorized disclosure, use, and dissemination of personal information regarding minors.
 - e. Implement measures restricting minors' access to materials harmful to them.

2. The following policies apply to all Catholic Schools in the Diocese:
 - All schools are required to have the following:
 - A commercial internet content filter in place and in use that screens students from inappropriate internet content.
 - A published internet and computer use policy. HFCS policy is included.
 - Current written consent from the parents or guardians of students accessing the internet and/or using school sponsored email. HFCS consent is included.
 - If a school uses Google Apps for Education, Microsoft Office 365 or like solution the school must ensure CIPA and HIPAA compliance either through written agreement with the provider or other means. If a written agreement includes specific implementation guidelines, these must be followed. Information that includes SSN, Date of Birth and/or medical information should not be emailed or saved to a "cloud" drive if using non-HIPPA certified "cloud" solution.
 - Schools allowing students to access the internet should include in their curriculum at the beginning of the school year a learning component that covers appropriate use of computers, the internet and social media as well as the consequences of violating the associated rules

 - Schools are required to comply with this policy. Failure to comply with this policy makes the school and its administration liable for any issues arising from non-compliance. If you have questions, please contact the IT Department for the Diocese.
